

About the League:

This is designed to be a non-competitive basketball league meaning it is designed to build skills such as teamwork, communication, and good sportsmanship. This program is not designed to be on a competitive level like AAU or other tournament style basketball leagues. Teams and players are not ranked based on their skill level.

When: 10/7/24-12/14/24 & 01/6/25-03/1/25

Cost: \$120 - Per Player Each Session

\$70 - Current Boys & Girls Club Members

\$35 - Free & Reduced Lunch Students

Our league is separated by age group and gender to offer the most tailored experience for each grade. Programs for younger grades are designed to build basic skills and develop good habits rather than break bad habits later in the player's development. Coaches are encouraged to keep their practices focused on the development of skills and inspire a love for the sport. We have partnered with the Vancouver Volcanoes to offer clinics to all registered youth to give the basic skills before the start of the session.
